Ms. Norton is an attorney who is a passionate advocate for the senior and disabled population. She believes that the practice of Elder Law should be comprehensive, focusing on a Life Care Plan. Practicing law for more than 35 years, she works closely with her clients and their families, educating and assisting them with their present and future needs. This comprehensive approach includes long-term care planning, asset protection, healthcare and financial choices, and end-of-life decisions. She is involved in the Area Agency on Aging - Advisory Council Member, Indian River Community Service Alliance Past Board Member, and an Alzheimer's & Parkinson Association sponsor.
